

## SPRINT PROJECT PEER ASSESSMENT

Please assess the work of yourself, your colleagues, the team, and the project by using the following assessment items. We will consider your feedback in assigning the grade for the sprint project. Please try to be as honest and fair as possible in your assessment.

### 1. TEAM ASSESSMENT

Please answer the following with mindful reflection of the team as a whole.

1. Overall, how effectively did your team work together on this project?

Poorly

Adequately

Well

Extremely Well

2. What percentage of your team participated actively and was fully prepared most of the time?

.We were all fully prepared and worked tirelessly as a team

3. Give one specific example of something you learned from the team that you probably would not have learned working alone.

How to effectively use github, mainly the project cards

4. Give one specific example of something the other team members learned from you that they probably would not have learned otherwise.

They have agreed that this project has helped them extend their knowledge of Github and the projects tab

5. Suggest at least one change the team could make to improve its performance or the project.

Nothing comes to mind

## 2. MEMBER ASSESSMENT

Please answer the following for yourself and each team member.

### Scale:

5 = Excellent work; was crucial component to group's success

4 = Very strong work; contributed significantly to group

3 = Sufficient effort; contributed adequately to group

2 = Insufficient effort; met minimal standards of group

1 = Little or weak effort; was detrimental to group

Assessment of "1" or "0" requires a written explanation.

The project as a whole

3. What would you have done differently, given the opportunity?

Nothing comes to mind

4. Do you have any other comments or suggestions about the project?

No

#### 4. PROJECT ASSESSMENT

Please answer the following questions/points as part of your submission:

1. As a team estimate how many hours did it take you to complete this sprint? (Please keep try to keep track of how many hours you have spent working on each individual part of this sprint as best you can - an estimation is fine; we just want a rough idea.)

About 40 hours

2. What online resources you have used? (Program Lectures, YouTube, Stack overflow etc.)

The knowlodge from prior lectures

3. Did you need to ask any of your friends in solving the problems. (If yes, please mention name of the friend. They must be amongst your class fellows.)

No one outside of our sprint group

4. Did you need to ask questions to any of your instructors? If so, how many questions did you ask (or how many help sessions did you require)?

No

5. Rate (subjectively) the difficulty of the sprint from your own perspective, and whether you feel confident that you can solve a similar but different sprint requiring some of the same techniques in the future now that you've completed this one.

Ill be honest and give a 7/10 as i had some diffulculty with the subject, a big thank you to Garret Smith whom always had time for my questions (this is not to disreard my other Sprint partner Zach as he had done his work to.)
